

Personal Info

Name: _____

Grade: _____ How old are you? _____

What school do you attend? _____

What church do you attend on Sundays? _____

If NHC, what service does your family attend? _____

Your Relationship with God

Answer these questions as truthfully and honestly as you can. We're not asking these questions to judge you or criticize, and there's no threshold to meet to qualify for the team.

How did you become a Christian? (When did it happen, who was involved, and what led up to it?)

What does it mean, in your own words, to be a Christian?

What are you doing to grow closer to God?

Who is a spiritual influence in your life?

What has God been teaching you lately?

What has been the greatest trial you have gone through in recent months? How did your relationship with God help you through that season?

Imagine your best friend, who doesn't know God, says they want to become a Christian. What would you say to them?

Why do you want to join the team?

Why do you want to be on the Student Leadership Team?

The Leadership Team meets on the first Sunday night of every month before ALIVE, so this is a pretty big time commitment. Do you have any thoughts on that? Is the time commitment an issue for you?

Our time is limited; we can't add more hours to a day, or days to a week. It's often said that saying "Yes" to one thing means saying "No" to another. The last question dealt with the time commitment this team will require. If you say "Yes" to the Student Leadership Team, what might you have to say "No" to?

How do you hope to grow from being a part of the Student Leadership Team?

Final Questions

What does leadership mean to you?

Do you know what your spiritual gifts are?

While every high school student is welcome to join the Student Leadership Team, let's say that you're a Senior, and you only have 20 more weeks of ALIVE before you leave for college. What is your hope/vision for those 20 weeks?

What does it look like for you to leave ALIVE better than you entered it?

What do you think is the greatest strength and the greatest weakness of ALIVE?

How can you help strengthen the weakness?

What might weaken the strength?

Would you rather fight 100 duck sized horses, or 1 horse sized duck?
