

MINISTRY PARTNERSHIP GUIDE

WHO WE ARE:

The primary purpose of Empowered Homes is to connect church and home by equipping families, leaders and ministries to grow in the areas of marriage, parenting, personal growth, discipleship strategy, family ministry, and leadership development. We value the family as the first institution designed by God for spiritual formation, relationships, and reflecting His image. We seek to ensure that every element of church life supports and equips that essential role.

WHAT WE DO:

Empowered Homes Ministry provides practical, gospel-based resources to connect church and home. We often talk about the church being the B-Team while parents & grandparents are the A-Team (Primary Faith Trainers). The majority of our resources are offered online for free through our website empoweredhomes.org. We also partner with churches and ministries to provide conferences, equipping events, and ministry coaching.

WHY WE DO IT:

At the very foundations of the Church, the followers of Jesus were called to fellowship. Their fellowship included gathering together, breaking bread, and also sharing materials. Therefore, our desire is to be open-handed with our resources because we believe that God wants to empower every home, everywhere. We invite everyone to use, reproduce, and share any of our resources for FREE.
